Case No. 23-62260-dwh11
**DEBTOR'S PLAN OF
REORGANIZATION PURSUANT TO
SUBCHAPTER V UNDER CHAPTER
11 (MARCH 29, 2024)**

In re	Debtor:
Van's Aircraft, Inc.,	Van's Aircraft, Inc., as debtor and debtor-in-possession ("Debtor"), proposes the following Plan of Reorganization Pursuant to Subchapter V under Chapter 11 pursuant to Section 1189 of Title 11 of the United States Code.

18 This Plan provides for the repayment of Debtor's obligations to its Creditors. As set forth in greater detail below, the Plan provides for Debtor to assume and fulfill all customer purchase orders in which the customer agreed to a modified purchase price and signed a modified agreement post-petition, and for the termination or rejection of all other customer purchase orders or agreements. The Plan provides for payment to Secured Creditors in the full amount of their Allowed Secured Claims over time. Allowed Priority Claims for customer deposits will be paid the amount entitled to priority on the Effective Date or when the Claim is Allowed.

26 Allowed General Unsecured Creditors will receive Pro Rata distributions of fixed amounts equal

1 to the projected disposable income of the Reorganized Debtor over the next three years as set forth in Article 6, which should result in payment of approximately 55% of their Allowed Claim amounts. All existing equity Interests will be cancelled. Debtor's post-petition lender, the Van Grunsven Trust, will forego payment of its \$4 million post-petition loans to Debtor plus \$3 million of secured pre-petition loans and convert the \$7 million plus interest due thereunder to equity in Debtor.

7 Because Debtor constitutes a "small business debtor" under Section 101(51D) of the Bankruptcy Code that has elected to be administered pursuant to Subchapter V of the Bankruptcy Code, Debtor is not required to obtain approval of a disclosure statement prior to soliciting votes from Creditors and Interest Holders unless the Bankruptcy Court, for cause, orders otherwise.

11 Debtor seeks your vote to accept the Plan. If you have questions about how your Claim or Interest is being treated under the Plan, Debtor recommends that you discuss the Plan with an attorney.

14 Your ballot stating how you are voting on the Plan must be received by Debtor, c/o Tonkon Torp, LLP, Attn: Spencer Fisher, 888 SW Fifth Ave., Suite 1600, Portland, OR 97204, no later than May 8, 2024. In addition to casting your vote to accept or reject the Plan, you may object to confirmation of the Plan. If you wish to object to confirmation of the Plan, you must do so by May 8, 2024. The confirmation hearing will be held on May 15, 2024. The location of the hearing will be at the U.S. Bankruptcy Court, Courtroom 3, 1050 SW 6th Ave., 7th Floor, Portland, OR 97204.

21 The Plan may be confirmed notwithstanding votes or objections if certain conditions to confirmation are satisfied. If the Plan is confirmed, you will be entitled to receive a distribution as set forth in the Plan to the extent you have an Allowed Claim. You will also be subject to the injunction imposed by the Confirmation Order.

Debtor designs, creates, and manufactures kits and parts for an "RV" series of aircraft, which are all-aluminum, low-wing monoplanes of monocoque construction. As of October 2023, over 11,000 RV kits have been reported as completed and flown by customers, with thousands more under construction, making the RV series the most numerous of all homebuilt aircraft.

RVs are deemed Experimental Amateur Built ("EAB") aircraft by the Federal Aviation Administration in the United States and are accepted under the corresponding category by the aviation authorities in many other countries, including the United Kingdom, Canada, New Zealand, and Australia. The EAB designation has been in existence for more than five decades and defines aircraft that are used for non-commercial, recreational purposes such as education or personal use. Numerous aircraft designs are available to purchase in plans, or kits (where some of the airplane is already fabricated), such as those sold by Debtor. Under FAA regulations, if one or more amateur builders complete at least 51 percent of such an aircraft, it is eligible to be registered in the EAB category. EAB airplanes are also commonly known as "homebuilts," as many individuals construct these aircraft at home, often in their garages. Currently, more than 33,000 amateur-built/homebuilt aircraft are licensed by the FAA.

Debtor is considered the leader in the homebuilt aircraft industry by independent sources and it has a very loyal base of followers, customers, and private pilots looking for reasonably priced, safe, and reliable alternatives to more expensive certified aircraft.

Debtor established the ESOP, a tax qualified employee stock ownership plan, for the benefit of Debtor's employees in approximately 2003 and, over time, Mr. Van Grunsven turned management and operations over to Debtor's employees.

B. Events Leading to the Filing of the Chapter 11 Case

Historically, Debtor operated successfully without bank loans or other lines of credit, relying on customer deposits and earnings for its working capital. However, prior to the Petition Date, a combination of unforeseen, significant events occurring over a relatively short period of time increased Debtor's costs, doubled its normal inventory levels, slowed deliveries, and strained Debtor's cash flow to the breaking point. Below is a table of key metrics for the last three years.

Van's Aircraft Key Metrics	2021			2022			2023		
Number of Kits Ordered			3,982			2,292			1,314
Number of Kits Shipped			1,489			2,549			2,021
SLSA Ready to Fly Aircraft			11			20			28
Revenue \$MM			38.8			55.9			51.9
Net Income \$MM			(3.6)			(1.7)			(6.1)

Since early September 2023, Debtor has only been able to continue operating through loans of operating capital made from the Van Grunsvens. In total, the Van Grunsvens made five pre-petition loans to Debtor.

On or about August 10, 2021, Mr. and Mrs. Van Grunsven loaned Debtor \$6,500,000 to purchase the main building and corporate offices, which loan was secured by a deed of trust on that property (the "2021 Secured Loan"). On or about September 29, 2022, the Van Grunsvens

loaned Debtor \$650,000 for the purchase of a Trumpf 5000 punch press. On or about September 18, 2023, an additional \$1,000,000 loan was made secured by the second building housing the engineering and technical design team, workshops, and hanger space (the "September 2023 Secured Loan"). Shortly thereafter, an additional \$500,000 loan was made on an unsecured basis. Finally, on or about October 30, 2023, an additional \$2,000,000 working capital loan was made to Debtor secured by all real and personal property of Debtor (the "October 2023 Secured Loan"). Prior to the Petition Date, as part of their estate planning, Mr. and Mrs. Van Grunsven transferred their interests in the loans due and owing from Debtor to the Van Grunsven Trust.

Shortly prior to the bankruptcy filing, Debtor undertook a focused internal assessment of inventory, production, and shipping capabilities, and overall operating efficiencies. At the same time, Debtor reviewed its costs to determine what its kit pricing needed to be to operate profitably going forward.

As with many businesses, the pandemic placed a financial strain on Debtor. Some of its senior employees with deep familiarity with both office and manufacturing processes chose to retire during Covid. Debtor's order file doubled in the 2020 and 2021 period. At the same time, supply chain issues and supplier shutdowns slowed productions of key components, increasing back orders and delaying order completions, requiring Debtor to hire and train more staff. Wages increased, and shipping costs rose more than four-fold during this period. Stated simply, without realizing it, Debtor was selling a high volume of aircraft kits below its cost. The combination of all these factors overstressed Debtor's workforce, operating support systems, and management skills resulting in a series of one-off but very costly errors.

The first one-off event came during Covid when an overseas contractor was unable to source its usual primer paint and used an inferior product, resulting in aluminum corrosion forming on many quick build aircraft kits. This required Debtor to scrap many kits, while increasing pressure on production to replace affected kits. This was a multi-million-dollar setback for Debtor.

1 The second one-off event occurred as Debtor fell behind on shipping orders, and made
2 the decision to outsource some aluminum parts manufacturing, which increased the
3 manufacturing costs for those parts. The only timely option was to have some parts laser-cut
4 rather than computer numerically controlled ("CNC") punched. After hundreds of thousands of
5 these laser-cut parts had been shipped, Debtor received reports from customers that they were
6 observing small cracks at the edges of some holes on these parts. Debtor researched the issue
7 and engaged in extensive testing. The information communicated to customers about what
8 should or would be done about this issue changed as Debtor's research and testing revealed that
9 many of the affected parts still met Debtor's design requirements. Although Debtor's testing
10 proved that laser-cut parts are functionally equivalent to CNC-punched parts in most cases, the
11 belief set in among many builders is that they were unsuitable for use. This resulted in an
12 unmanageable number of requests to replace laser-cut parts ("LCPs") and cancel orders. More
13 than 1,800 customers were affected by this issue, some of whom have received more than one
14 kit.

15 The once normal-order production and manufacturing process became less efficient with
16 the spike in orders. Inventory doubled from historic levels and great costs were incurred
17 attempting to replace both corrosion and LCP-impacted products and components. All of this
18 contributed to the rapid consumption of Debtor's cash, leading to its liquidity crisis. With
19 production stalled, orders unfilled, no cash remaining, and no bank credit available, Debtor
20 sought the protection of Chapter 11 bankruptcy. A \$5 million reserve was set aside for the LCP
21 replacement cost. In order to continue operations, the Van Grunsven Trust agreed to provide up
22 to \$6 million in new post-petition financing.

23 **C. Events during the Bankruptcy Case and Debtor's Post-Petition Performance**

24 In January of 2024, after six months and thousands of test samples, Debtor and
25 independent aviation engineers examined the nature and effect of the LCPs on Debtor's aircraft
26 and published the test results. Debtor provided clarity on which LCPs should be replaced out of

1 an abundance of caution. Debtor is providing those parts determined to be the most critical to
2 affected customers free of charge. The reports and LCP replacement program reduced much, but
3 not all, of Debtor's customers' concerns. As of the Plan's filing, 28% of affected customers have
4 received replacements. All remaining replacements are expected to be resolved by November
5 2024.

6 **1. Post-Petition Funding**

7 Given its financial condition, Debtor was unable to continue operations without post-
8 petition funding. On December 20, 2023, the Bankruptcy Court entered an Order Authorizing
9 Debtor to Obtain Secured Credit from the Van Grunsven Trust up to the sum of \$6 million
10 subject to terms and conditions as set forth therein ("Post-Petition Financing Order"). Pursuant
11 to the Post-Petition Financing Order, the Van Grunsven Trust has loaned Debtor \$4,000,000 to
12 help fund Debtor's post-Petition Date operations (the "Post-Petition Loans"). As set forth in the
13 Plan, the Vans Grunsven Trust has agreed to convert the \$4 million of Post-Petition Loans, along
14 with \$3 million of pre-petition loans, to equity in Debtor as of the Effective Date of the Plan.

15 **2. Post-Petition Modification of Customer Orders**

16 The internal assessment of operations in late 2023 showed that Debtor had been selling
17 kits below its costs and was unable to perform under the pricing in pre-petition customer
18 contracts. Debtor's restructuring team determined that to remain viable, new pricing needed to
19 be enacted which occurred during the Bankruptcy Case.

20 As of the Petition Date, Debtor had 1,751 existing kit orders. On the Petition Date,
21 Debtor filed an Omnibus Motion to Reject Customer Contracts Unless Otherwise Agreed and
22 Establish Procedures Therefore (the "Rejection Motion"). The Rejection Motion provided that
23 customers would be given the opportunity to modify their current orders based on new pricing.
24 Those customers who chose not to agree would have their orders cancelled and would be able to
25 file claims in the Bankruptcy Case. Customers with a total of 1,435 kit orders (82%) elected to
26 renew their orders at the new pricing level. Debtor made corresponding revisions to these kit

1 orders consisting of minor modifications of contract terms. Debtor also revised customer orders
2 for third-party components such as engines, propellers, and avionics consisting of minor
3 modifications of contract terms and pricing increases for those components. As of the Petition
4 Date, Debtor had 539 third-party component orders. Customers elected to revise 514 of those
5 orders (95%). Customers' prior deposits were applied in full to all revised contracts.
6 Any customer that declined to modify its order may file a Rejection Claim in the
7 Bankruptcy Case for the amount of its original deposit. A portion of any such Claim, up to
8 \$3,350, may be filed as a Priority Claim under Section 507(a)(7) if for personal, family, or
9 household purposes. The Plan provides for payment of the full Priority Claim amount (up to
10 \$3,350) on the Effective Date. Any amount of such Claims in excess of \$3,350 will be treated as
11 Unsecured Claims as described in the Plan.
12 Debtor has a current backlog of 1,949 orders, including the renewed prepetition kit
13 orders, valued at approximately \$64 million. \$17.3 million of pre-petition deposits has been
14 credited towards this backlog. The expected post-petition revenue from existing orders is \$46.7
15 million.
16 **3. Corporate Reorganization**
17 Debtor's corporate governance board underwent reorganization. Debtor now has a five-
18 person board comprised of two members of the Van Grunsven family and three independent,
19 experienced directors. A more formal and rigorous form of governance is now being practiced.
20 Mr. Van Grunsven serves as board chair.
21 Mikael Via will continue as CEO of Debtor. Debtor has recruited Shawn Ell as Chief
22 Operating Officer. Mr. Ell has a strong background in manufacturing management and will
23 oversee all manufacturing beginning in early April. Don Eisele will continue to serve as Chief
24 Financial Officer until his replacement is identified. Rian Johnson will continue as V.P. of
25 Engineering and Product Design. Debtor is also creating the position of V.P. of Quality
26 Assurance.

1 The Plan calls for Debtor to continue building its professional staff to fully support
2 operations. This team will include additional positions in quality control, engineering,
3 accounting, and IT, as well as a stronger marketing and customer relations support. Debtor has
4 hired a Human Resources director, Colleen Winkler, who has already made substantial
5 improvements. Debtor's increased professionalism in governance and additional executive
6 personnel, with its depth of experience, coupled with Debtor's existing skilled, hardworking
7 personnel, provide Debtor with a new level of energy and talent. With that, Debtor is prepared to
8 take advantage of aviation opportunities while being sufficiently profitable to replace its
9 depreciated equipment, install business systems, and repay its creditors as set forth in the Plan.
10 **D. Liquidation Analysis**
11 To confirm Debtor's Plan, the Court must find that all Creditors and Interest holders who
12 do not accept the Plan will receive at least as much under the Plan as such claim and Interest
13 holders would receive in a chapter 7 liquidation. The liquidation analysis shows that in a
14 Chapter 7 Unsecured Creditors would receive no more than 4% of their Claims. The Plan
15 payments are projected to provide payments to Unsecured Creditors in excess of 55%.

16 The difference between liquidation and going concern varies considerably among
17 businesses but few more so than Debtor. It is a very specialized business selling one-of-a-kind
18 parts to a limited market of skilled crafts people with the interest, facilities and resources to build
19 their own plane from premade parts. Without the individual kit builder, there is no market for
20 the specially shaped thin aluminum parts. In late 2023, Debtor obtained current appraisals on its
21 machinery, equipment rolling stock, and real estate. A careful read of the appraisals shows that
22 the specialized nature of Debtor's assets makes them attractive to a very limited market with
23 long market exposure and corresponding holding cost. Liquidation generally means all assets
24 disposed of and converted to cash for distribution within 90 days for most assets and no more
25 than 180 days for real estate. Thus, liquidation values are often noticeably lower than appraisal
26 values based on long market exposure. A liquidation analysis also considers the cost of the

Chapter 7 liquidation process, which Debtor estimates at 8%. A tabular liquidation analysis is attached hereto as **Exhibit A**.

E. Ability to make future plan payments and operate without further reorganization

To confirm Debtor's Plan, it must show that it will have enough cash over the life of the Plan to make the required Plan payments and operate its business. Debtor's primary revenue sources for the next three years will come from the sale of its eight different kit airplanes, one model of production ready-to-fly plane, and one future back country airplane kit. In conjunction with its kits, Debtor also sells optional components including engines, propellers, avionics, and similar items needed for kit builders to have ready-to-fly planes.

Debtor has a sufficient backlog of business to carry it through 2024; by 2025, it expects to have new orders at about the same level it enjoyed pre-Covid. To improve its efficiency, expand its production of ready-to-fly planes, design and produce additional kit models by late 2025, and modernize its business processes, Debtor needs to acquire and install ERP and MRP systems and replace and install pieces of its depreciated equipment. Debtor believes it can fund its needs and make the payments set forth in the Plan to satisfy Allowed Claims. The projections containing Debtor's anticipated income and expenses, including projected disposable income, is attached hereto as **Exhibit B**. Debtor's financial projections show that Debtor will have projected disposable income (as defined by § 1191(d) of the Bankruptcy Code) for the period described in § 1191(c)(2) of approximately \$2,700,000 over the three year life of the Plan. The Plan provides that payments of \$2,750,000 will be paid to Unsecured Creditors within three years. The final Plan payment will be paid on or before June 15, 2027.

The projected operations of Debtor are focused on a return to normal course operations by 2025. Fiscal year 2024 will be a year of addressing operational issues identified during the course of Debtor's restructuring. Debtor's projections include the following assumptions:

- Hiring additional production staff to address manufacturing bottlenecks.

- Capital expenditure improvements to existing and new machinery and equipment that will allow more control over production, quality, and scheduling.
- Upgrading accounting and ERP software systems to improve management and reporting.
- Enhancing quality control by segregating the department and hiring a manager.
- Hiring a Chief Operations Officer and Director of Finance.

ARTICLE 3

SUMMARY

The Plan proposes to pay Allowed Creditors of Debtor from the infusion of capital by the Van Grusven Trust and from projected excess operating cash from operations over the next three years.

The Plan provides for one Class of Priority Claims; three Classes of Secured Claims; two Classes of non-priority Unsecured Claims; and one Class of Interest holders.

Secured Creditors holding Allowed Claims will receive payment in full, except as set forth and agreed to with respect to Class 2. Priority Creditors holding Allowed Claims will receive payment in full. Non-Priority Unsecured Creditors will receive approximately 55% of their Allowed Claims. This Plan also provides for the payment in full of Administrative Expense Claims.

All Creditors and Interest holders should refer to Articles 4 through 8 of this Plan for information regarding the precise treatment of their Claims.

Your rights may be affected. You should read these papers carefully and discuss them with your attorney, if you have one. (If you do not have an attorney, you may wish to consult one.)

4.1 Administrative Expense Claims. Each holder of an Allowed Administrative Expense Claim, including Section 503(b)(9) claims, shall be paid by Debtor in full in Cash on the later of (a) the Effective Date or (b) the date on which such Claim becomes Allowed, unless such holder shall agree in writing to a different treatment of such Claim (including, without limitation, any different treatment that may be provided for in any documentation, statute or regulation governing such Claim); provided, however, that Administrative Expense Claims representing obligations incurred in the ordinary course of business by Debtor during the Bankruptcy Case shall be paid by Debtor or Reorganized Debtor in the ordinary course of business and in accordance with any terms and conditions of the particular transaction, and any agreements relating thereto.

4.2 Priority Tax Claims. Each holder of an Allowed Priority Tax Claim shall be paid by Debtor the full amount of its Allowed Priority Tax Claim as allowed by 11 U.S.C. § 1129(a)(9)(C) and (D) on the Effective Date or the date the claim is Allowed, whichever first occurs.

ARTICLE 5

CLASSIFIED CLAIMS

For purposes of this Plan, Claims and Interests are classified as provided below. A Claim is classified in a particular Class only to the extent that such Claim qualifies within the description of the Class, and is classified in a different Class to the extent that such Claim qualifies within the description of such different Class.

5.1 Class 1 (Priority Claims). Class 1 consists of all Allowed Priority Claims other than those set forth in Article 4 above. This class includes Claims under section 507(a)(7) of the

7 6.7 Class 8 (Interests). Class 8 is impaired.

8 (a) Cancellation of Present Equity. As of the Effective Date, all Existing
9 Equity Interests in Debtor shall be cancelled on the books and records of Debtor, released, and
10 extinguished and will be of no further force or effect. Shareholders of Debtor, including the

5 (d) Debtor will take the following action with respect to the terminated ESOP
6 immediately following the Effective Date: (i) update the ESOP records to reflect the
7 cancellation of the common stock held by the ESOP; (ii) update the ESOP records to reflect the
8 full vesting of all participants and beneficiaries in their remaining accounts under the ESOP;
9 (iii) allocate any contributions from Debtor to the accounts of participants in accordance with
10 the requirements of ERISA and the Internal Revenue Code; and (iv) direct the Trustee of the
11 ESOP to distribute all remaining assets of the ESOP to participants and beneficiaries as soon as
12 administratively practical. The distribution to participants and beneficiaries will proceed in
13 accordance with the procedures set forth in ERISA and the Internal Revenue Code to afford
14 such participants and beneficiaries the right to elect to direct the distributions to their individual
15 retirement accounts or Debtor's 401(k) Plan or directly to the participants and beneficiaries, less
16 applicable federal and state tax withholding. In accordance with the requirements of ERISA
17 and the Internal Revenue Code, any distributions from the ESOP that require consent where

19 affected participants and beneficiaries.

20 (e) Debtor's guaranties of loans issued for the ESOP are terminated and will
21 be treated as a General Unsecured Claim. Debtor shall fully perform all its other obligations

6 7.1 Disputed Claims: Objections to Claims. Only Claims that are Allowed shall be
7 entitled to distributions under the Plan. Debtor reserves the right to contest and object to any
8 Claims and previously Scheduled Amounts, including, without limitation, those Claims and
9 Scheduled Amounts that are specifically referenced herein, are not listed in the Schedules, are
10 listed therein as disputed, contingent and/or unliquidated in amount, or are listed therein at a
11 different amount than Debtor currently believes is validly due and owing. Unless otherwise
12 ordered by the Bankruptcy Court, all objections to Claims and Scheduled Amounts (other than
13 Administrative Expense Claims) shall be Filed and served upon counsel for Debtor and the
14 holder of the Claim objected to on or before the later of (a) 60 days after the Effective Date or
15 (b) 60 days after the date (if any) on which a Proof of Claim is Filed in respect of a Rejection
16 Claim. The last day for filing objections to Administrative Expense Claims shall be 20 days

20 the Plan and the Bankruptcy Code or (b) the Bankruptcy Court may otherwise order.

21 7.2 Subsequent Allowance of Disputed Claims. The holder of a Disputed Claim that
22 becomes Allowed in full or in part subsequent to the Effective Date shall receive Cash
23 distributions on the next distribution date following the allowance of such Disputed Claim equal
24 to the amount that the Claimant would have received had the Claim been Allowed as of the date
25 of any prior distributions.

1 7.3 Distributions. The Reorganized Debtor will make initial distributions as required
2 by the Plan on the Effective Date, or as soon thereafter as is practicable, and make further
3 distributions, as set forth in the terms of the Plan. No Cash or other property shall be distributed

6 7.4 De Minimis Post-Effective Date Payments. If a Cash payment to be made to a
7 holder of an Allowed Claim after the Effective Date, other than to the holder of a Small
8 Unsecured Claim, would be \$20 or less in the aggregate, no such payment will be made to the
9 holder of such Claim, unless and until the aggregate distribution on account of such Claim would

8 treated as an S corporation.

9 8.7 Setoffs. Debtor may, but shall not be required to, set off against any Claim and
10 distributions to be made pursuant to the Plan in respect of such Claim, any claims of any nature
11 whatsoever which Debtor may have against the holder of such Claim, but neither the failure to
12 do so nor the allowance of any Claim hereunder shall constitute a waiver or release of any such
13 claim Debtor may have against such holder.

14 8.8 Corporate Action. Upon entry of the Confirmation Order by the Clerk of the
15 Bankruptcy Court, all actions contemplated by the Plan shall be authorized and approved in all
16 respects (subject to the provisions of the Plan), including, without limitation, the following:

1 8.10 Utility Deposit. All utilities holding a Utility Deposit shall immediately after the
2 Effective Date return or refund such Utility Deposit to Reorganized Debtor. At the sole option
3 of Reorganized Debtor, Reorganized Debtor may apply any Utility Deposit that has not been
4 refunded to Reorganized Debtor in satisfaction of any payments due or to become due from
5 Reorganized Debtor to a utility holding such a Utility Deposit.
6 8.11 Event of Default: Remedy. Any material failure by Reorganized Debtor to
7 perform any term of this Plan, which failure continues for a period of ten Business Days
8 following receipt by Reorganized Debtor of written notice of such default from the holder of an
9 Allowed Claim to whom performance is due, shall constitute an event of Default. Upon the
10 occurrence of an Event of Default, the holder of an Allowed Claim to whom performance is due
11 shall have all rights and remedies granted by law, this Plan or any agreement between the holder
12 of such Claim and Debtor or Reorganized Debtor. An Event of Default with respect to one
13 Claim shall not be an Event of Default with respect to any other Claim.
14 8.12 Feasibility of Plan. In order to confirm the Plan and for the Plan to become
15 effective on the Effective Date, the Bankruptcy Court must find that the Plan is feasible pursuant
16 to section 1129(a)(1) of the Bankruptcy Code, which requires the Bankruptcy Court to
17 determine that confirmation of the Plan is not likely to be followed by a liquidation or the need
18 for further financial reorganization of Debtor or any successor to Debtor, unless such liquidation
19 or reorganization is proposed in the Plan. Debtor's Plan is a reorganization plan that does not
20 propose to liquidate assets or to further reorganize or reconstitute itself after the Effective Date.
21 Debtor's Plan will be funded by the capital infusion from the Van Grunsven Trust and post
22 Effective Date operations, which Debtor believes will provide the Reorganized Debtor with
23 (i) sufficient available cash to make distributions on account of Allowed Claims as set forth in
24 the Plan and (ii) sufficient capital to continue operations.
25 8.13 Conditions Precedent to Effectiveness of Plan. The following conditions must
26 occur and be satisfied for the Plan to become effective, notwithstanding the Effective Date:

9 contracts and unexpired leases that are assumed and/or assigned pursuant to the Plan shall remain
10 in full force and effect for the benefit of the Reorganized Debtor, in each case, notwithstanding

12 Sections 365(b)(2) and (f) of the Bankruptcy Code) that prohibits, restricts or conditions such
13 transfer or that enables or requires termination or modification of such contract or lease.
14 (b) All documents, instruments and agreements, each in form and substance

ARTICLE 14

DISCHARGE

5 14.1 If Debtor's Plan is confirmed under 11 U.S.C. § 1191(a), on the Effective Date of
6 the Plan, Debtor will be discharged from any debt that arose before confirmation of this Plan, to
7 the extent specified in 11 U.S.C. § 1141(d)(1)(A) of the Code, except that Debtor will not be
8 discharged of any debt (i) imposed by this Plan; or (ii) to the extent provided in 11 U.S.C. §
9 1141(d)(6).

10 14.2 If Debtor's Plan is confirmed under 11 U.S.C. § 1191(b), confirmation of this
11 Plan does not discharge any debt provided for in this Plan until the Bankruptcy Court grants a
12 discharge on completion of all payments due within the first three years of this Plan, or as
13 otherwise provided in § 1192 of the Bankruptcy Code. Debtor will not be discharged from any
14 debt (i) on which the last payment is due after the first three years of the plan, or as otherwise
15 provided in 11 U.S.C. § 1192 or (ii) excepted from discharge under § 523(a) of the Code, except
16 as provided in Rule 4007(c) of the Federal Rules of Bankruptcy Procedure.

17 DATED: March 29, 2024.

18 VAN'S AIRCRAFT, INC.

19 By: /s/ Clyde A. Hamstreet

20 Clyde A. Hamstreet, Chief Restructuring Officer

Note1: Restricted cash constitutes customer deposits being held in trust.

Note 2: While specialized aluminum airplane kit parts and steel fabrications for engine mounts are only worth scrap metal prices in liquidation (i.e. 3% of book) there are other components of inventory that will have some additional value such as fuel pumps or tires for airplanes. Hamstreet believes the liquidation value of Van's inventory is not likely to exceed 10% of its book value.

Note 3: Lycoming requires Van's pre-pay 50% of purchase price for the 12 engines on order at anyone time 90 days prior to scheduled manufacture with no refund once manufacturing starts. The engines are already presold to customers who have also paid a deposit, but having a liquidator follow through with paper work of delivery and collection of the balance customers owes for the engine and payment to Lycoming prior to shipment and confusion on engine options ordered will reduce proceeds by 20%.

Note 4: Van's Demo and Training Aircraft were built and registered under the market survey and / or crew training categories, which have significant operational limitations imposed by the FAA. These limitations include restrictions on where the aircraft can be flown, the duration of flights, or the types of operations allowed, etc. These restrictions significantly impact the aircraft's suitability and potential use by individuals and businesses, substantially lowering their value versus a similarly equipped Van's aircraft which are registered under the amateur built category.

Note 5: This number includes prepetition unsecured creditors, a guarantee by Company of note between shareholders and ESOP and a number of damage claims for diminution in value of unfinished kits due to lack of parts to finish planes and diminution of value of kits or planes with out replacement for certain laser cut parts.
